Case No. 5:22-cv-00734-MWF-MRW

*Assigned for all purposes to the
Honorable Michael W. Fitzgerald*

(Removed from Superior Court of
California, County of Riverside, Case
No. CVPS2201041)

**DECLARATION OF CHRIS
LEWIS IN SUPPORT OF
VOLKSWAGEN GROUP OF
AMERICA, INC.'S OPPOSITION
TO PLAINTIFF'S MOTION TO
REMAND TO SUPERIOR
COURT OF CALIFORNIA**

Date: June 27, 2022
Time: 10:00 a.m.
Place: Courtroom 5A

Action filed March 16, 2022

1 I, Chris Lewis, declare as follows:

2 1. I make this declaration based upon my personal knowledge and, if
3 called as a witness, could and would testify competently hereto. This declaration is
4 being submitted in support of Defendant Volkswagen Group of America, Inc.'s
5 ("VWGoA") Opposition to Plaintiff's Motion to Remand to Superior Court of
6 California.

7 2. I have been employed by Volkswagen Group of America, Inc.
8 ("VWGoA") since August 28th, 2006. I am currently employed as the Manager of
9 Products Analysis Group and have been in this position since April 1st, 2021. As
10 the Manager of Products Analysis Group, I am familiar with VWGoA's record-
11 keeping practices related to warranties and VWGoA's Customer Service
12 Department. VWGoA keeps these records in the regular course of its business as
13 the distributor and warrantor of Volkswagen vehicles in the United States.

14 3. Attached hereto as Exhibit A is a true and correct copy of Case No.
15 04829601 from VWGoA's Customer Service Department. This document was made
16 in the routine course of VWGoA's business and is used to document the
17 correspondence between VWGoA and its customers who reach out to VWGoA's
18 Customer Service Department. These records are created at the time the
19 communication with the customer took place, by the employee who received the
20 communication from the customer.

21 4. Attached hereto as Exhibits B-G are true and correct copies of the
22 Repurchase and Replacement Offer Letters sent from VWGoA's Customer Service
23 Department to the Plaintiff in this matter. These documents were created in the
24 routine course of VWGoA's business, at or near the dates indicated on the letters
25 themselves, and created by the employee who sent the correspondence to the
26 customer.

1 5. Attached hereto as Exhibit H is a true and correct copy of the Service
2 History for the 2019 Volkswagen Atlas which is the subject of this lawsuit. The
3 document shows, among other things, when VWGoA paid for repairs or service
4 work performed on the subject vehicle, including the mileage reported on the
5 vehicle at that time. This document is kept in the ordinary course of VWGoA's
6 business as the warrantor for Volkswagen vehicles in the United States. The
7 information on this document is regularly updated and compiled at or near the time
8 a submission for payment is made to VWGoA.

9 6. Attached hereto as Exhibit I are true and correct copies of the repair
10 orders regarding the subject vehicle which VWGoA's Customer Service
11 Department obtained from the Plaintiff during the course of its correspondence with
12 her regarding the subject vehicle and, where Plaintiff could not provide the
13 documents, from the independently owned and operated service facilities which
14 repaired or serviced the subject vehicle. These types of documents are regularly
15 obtained when a customer seeks a repurchase or replacement under the Song-
16 Beverly Warranty Act as part of VWGoA's Customer Service Department's
17 evaluation process. VWGoA retains these documents in the regular course of its
18 business in responding to concerns regarding their vehicles.

1 I declare under penalty of perjury under the laws of the United States of
2 America that the foregoing is true and correct.

3 Executed this 2nd day of June, 2022 at Los Angeles, California

Based on this response VW is ready for a lawsuit as my needs as a VW customer were not met. I will give VW until Monday morning to make amends or I will file a lawsuit against VW. I conveyed this message to your customer care specialist, and I'm conveying it to VW here on social media. I am willing to go through the 15-19 month process so that my needs are met as a VW customer, and by needs I mean all the damages that VW has incurred thus far.

8/20/2021, 11:27 PM
Jessica Ramirez

Comments Attorney papers will be signed Monday by noon if I don't hear back from VW as a customer and the needs that I presented are not met. The car is not functioning at all. It's a brand new lease. I will be signing documents to hand over the case to my attorney that will be representing me in this case as VW customer. It will cost you more than it will cost me.

Hi Jessica, thank you for keeping us updated as you continue to go through this process. I have reached out to your CR&R Specialist for you. I see that she has replied to each of your emails, and you've received both a repurchase and replacement offer. Should you choose to seek legal representation that is your choice as a consumer, but I'd encourage you to continue to work with Brittany to resolve this issue. I'll add what you've sent me to your case and be sure that your CR&R Specialist reviews it. -AM

| | How the heck am I still dealing with this lady and how many times do I have to convey I don't have a functioning car because I've taken it to the dealership numerous times and we're still on square one. Nothing is functioning. Car is not starting. What am I to do? |
| | 8/20/2021, 10:45 AM Jessica Ramirez |
| | If she does not add the value of my previous car to the purchasing offer I will be going public. This lady who represents VW is not only stupid but incompetent. This is who Volkswagen uses as the manager or overseer for resolution and retention. |

| | That is proof that is in our lease agreement saying what our previous car is valued at. Sending it to you and the "specialist" at vw that's supposed to get me out of this car but hasn't up to this point. |

| Comments | Hi, I have been dealing with this lady from day 1 and she's is blatantly rude and disrespectful. She has not even sent me the supposed latest over that she supposedly claims. Furthermore, she is presuming that I am rejecting an offer because I want to be transferred to someone that's not |

incompetent. So when does the offer expire if she hasn't sent me the latest offer that she's supposedly talking about? Is she not right in the head. Why do I have to keep telling someone to do their job. It's not my job.

Is that how VW treats customers???

I have attached photos of my previous email in case that was left out and are wondering how can a disrespectful and rude person work for VW. Definitely not a way to treat a paying customer because that is what I am until I am given an offer that's not contemptuous.

| Comments | <p>Hello! I have been having issue after issue with my 2019 VW Atlas. I have been dealing with a rude and incompetent "specialist" from the Volkswagen Group of America as the dealership wasn't able to fix my car. And at this point I don't know what to do? I've been reading online that I have to tweet VW, so I'm doing this as my last resort as I have been a customer for many years and I am being treated like trash from a "customer resolution & retention" specialist. Help!! I just want to get rid of my VW and never ever EVER purchase/lease VW</p> <p>8/10/2021, 3:30 PM Jessica Ramirez</p> <p>Case # 04829601</p> <p>8/10/2021, 5:03 PM VW</p> |

Thank you Jessica, I was able to locate your case and reach out to your specialist. She informed me that your buyback letter has been sent and that you are welcome to reply to any of her previous correspondence about that letter so that we can best proceed with your request. -AM

Brittany Allen From: VWGOA CRR 24 Sent: Wednesday, September 1, 2021 7:32 AM To: 'Erik & Jessica Landis-Ramirez' <elbuencacao@gmail.com> Subject: RE: Ramirez - 04829601 - 2019 Atlas Ms. Ramirez, In reviewing your additional email sent yesterday it is not clear if you have in fact retained an attorney or not. In the event you are not represented by legal counsel, I am sending you the updated repurchase offer letter to reflect the recent rental fee incurred. Because today (09/01) is the date you are scheduled to return the rental, I understand things may change. If you have a different/updated invoice to send you are welcome to do so. Otherwise, if you are formally represented I can no longer speak with you and will work directly with the attorney.

I am not in the office at that time. Further, my initial communication to you outlined to allow 24-48 business hours for a response to all voicemail messages and/or emails. All prior correspondence to you has been within the aforementioned time frame. I have not yet had the opportunity to review your attachments sent yesterday evening and update the offer letter if applicable. We are still within the outlined time frame, but I will ensure to do so by the end of business today. However, your email from a few moments ago indicates you are proceeding with your attorney. If this is so, the current case will be closed until our office receives a formal demand from your attorney. At that time, I will work directly with your legal counsel.

I am not sure when the offer expires, but if you can extend it over to a week after it expires that would be great. I need some time to think about it, and I also have a business to run and can't focus when I have business matters to run. The car isn't functioning and I still have to deal with a non-functioning vehicle to run a business. If you can please extend the offer that would be highly appreciated. Thanks, Jessica R.

Further, all of our correspondence and all of the twitter direct messages have been documented verbatim in the case. Here is the deal, I am willing to close the deal if you completely take off the mileage offset and send the 5th offer with those changes. And you know what, VW doesn't even have to pick up the non-functioning vehicle we will tow it wherever you want us to ourselves. If you are not able to take off the mileage offset I will have to resort to obtaining it through the lemon law, and not only that but I will also file a lawsuit for all the grievances, and will have proof of the various emails we've exchanged and all the trouble VW has put me through just for being a VW customer. It will cost VW more than

it will cost me. I will be signing Monday at noon the documents to hand over the case to my attorney. If I don't get an offer before then I will take it as you declining to help or assist a VW customer that has gone through a lot of trouble with a brand new lease.

I sent a secondary email further explaining this. It is negative equity and not something you are entitled to receive reimbursement for under the law. I have noted your below correspondence that you are formally declining both offers as we are unable to meet your request for reimbursement of your trade-in to which the amount owed on the vehicle was greater than the value at the time of the transaction.

Brittany Allen From: Erik & Jessica Landis-Ramirez <elbuencacao@gmail.com> Sent: Friday, August 20, 2021 6:29 PM To: VWGOA CRR 24 <crr24@vwgoa.com> Subject: [From: External] Re: Ramirez - 04829601 - 2019 Atlas Hello, I will not be accepting the replacement offer as I will still be left without a car if I were to take the offer. I will accept the purchase offer if the \$7500 that our previous vehicle was valued at is added to the purchasing offer. It will add up to more than \$15,000, but I am willing to round it off to straight \$15,000 to get out of this vehicle. If you are able to rollover the equity from the previous car. You are ALSO able to add the value of the previous vehicle. That's how it's going to work. I sent you the contract stating what my car is valued if need proof of document. If I do not get a 5th offer with the added changes mentioned above I will not take your previous offers, and I will move forward with a lawsuit. It will be about a 15-19 month process, but I'm willing to endure that long of a process because if I weren't sure we would win I would not make mention of it. Therefore, I am giving VW a chance to reconsider my counter-offer, if you are not willing to meet my needs I will move forward with this lawsuit and it will cost you more than it will cost me. This is your last chance. I will be signing documents today to hand over this case to an attorney to file lawsuit against VW, if my needs are not met. Thank you, Jessica R.

Brittany Allen From: VWGOA CRR 24 Sent: Friday, August 20, 2021 6:26 PM To: 'Erik & Jessica Landis-Ramirez' <elbuencacao@gmail.com> Subject: RE: [From: External] lease agreement.pdf Ms. Ramirez, I sent a reply email a few moments ago but I did not reply to this below email specifically since this was previously addressed. In case my prior correspondence on this matter was missed, I will address the prior trade-in detail below. The lease agreement was previously received and reviewed. The only document that had not been received was a copy of your current registration. Nonetheless, the lease agreement shows you traded in a Jetta and the agreed upon value was \$7500. It further shows you owed on that vehicle still and the balance owed on the Jetta was \$11,553.00. This means you owed more on the vehicle than its trade-in value which left a negative balance of \$4,053.00. You are not entitled to receive reimbursement for the previous trade-in because you are still responsible for the amount you owed on the car. There is not a positive dollar amount that is available for you to be reimbursed for. This negative debt was rolled into the new deal for your Atlas. - With the buyback option, VW of America is agreeing to pay off your current lease, less the amount that is negative debt from a prior un-related vehicle. This is why it is reflected as a deduction. - With the replacement option we are not paying off your current lease so there is no need to reflect the negative equity deduction. Your current lease contract remains the same. Please note this is only shared as a means to further explain since the question has been repeated. It is not shared as a means to be insulting in any way. If you would like this explained to you over the phone so that it can be better understood, you are welcome to let me know.

That is what is done when a vehicle cannot be driven by the responsible party; it is towed to a dealership for diagnosis and repair. There is no need to further convey your message. I am quite clear that the vehicle is not drivable; that does not negate your responsibility as the owner of the vehicle. Nor is that what is in question at this time. We are in complete understanding your vehicle is not drivable. As previously shared, we are not requiring you to keep a vehicle that cannot be driven. You may take the vehicle to any servicing VW dealership for diagnosis and the determined applicable repair. The terms of both the repurchase and replacement offers will remain as they are outlined in the letters; all details are outlined directly in each letter as they have been reiterated in past email correspondence to you. Your twitter messages have again been forwarded to me as I am the case handle for all matters pre-litigation in this area. You are in receipt of two compliant offers under state law and there will be no further changes. The offers are open for 15 days from the date of each letter. You are not obligated to accept either offer. In the event you do not respond with acceptance of either offer during the aforementioned timeframe your case will be closed due to offers rejected.

Do not click links or open attachments unless you recognize the sender and know the content is safe. Are you stupid? I have mentioned this in previous email many times. THE CAR IS NOT FUNCTIONING! How do you expect me to get this car to the dealer if I haven't had a car in months. Do you think I would be going back and forth with you if this car was still functioning? How else am I to convey this message? The car is not working! It is not driving. It needs to be picked up because they never fixed it at the dealership even though I took it various times. Hence, the documents I have sent weeks ago. If the car would be functioning I wouldn't even be in this situation. Here is the deal, you're adding the 7500 to the purchasing offer, which is what my other car is valued at. You were able to rollover the equity from the previous car. You are ALSO able to add the value of the previous vehicle. That's how it's going to work. I will send over the contract stating what my car is valued at since you want documents/proof. That will be proof enough, and you will add that to the purchasing deal.

Please review the replacement offer letter to become familiar with information regarding the transaction; it is attached again to this email for reference. In the meantime, you will need to take your current vehicle in for service; it is still your vehicle and at your responsibility to address any current service-related concerns to have a working vehicle. Also detailed in the offer letter, you must surrender the vehicle as originally equipped/supplied at the replacement transaction when the new vehicle is ready. When the new vehicle is ready there will be a replacement transaction at the dealership to which you will surrender the 2019 Atlas, sign a couple of documents and take delivery of the replacement Atlas. If you need alternate transportation while your current 2019 Atlas is at the dealership for diagnosis/repairs, I will reimburse you up to \$45/day for a rental. The manufacturer does not have "loaner vehicles" nor a loaner vehicle program; however, I am happy to reimburse you the cost of alternate transportation (i.e. rental, uber, etc.) while your current Atlas is in for service. I want to clarify, there is no new contract for the replacement. As outlined in the offer letter, "the terms of your existing contract remain the same". Essentially this means I am only swapping you out of one vehicle for another. There is not a new deal/new sale.

So in order for me to approve the replacement contract I need my needs to be met. That means as a VW customer if I'm waiting 3-5 months to get a brand new vehicle I need a replacement vehicle (whatever that is) during the period that I will be awaiting for my brand new car. And if that is the case, I need the vehicle to be delivered to my home address and I need the old vehicle to be picked up and delivered to the closest dealership convenient to you from our home address. You stated the following: In previous documented correspondence I offered to replace your vehicle. I would replace your current vehicle with the newest model year Atlas at no cost to you. This means I would waive the mileage offset entirely and you would also not be required to pay your negative equity in order to complete the replacement. I need this to be outlined in the new contract, so that if we do have issues with this next brand new car that VW is offering I am completely covered meaning the mileage offset will be completely waived, and there will be no negative equity rolled over to the contract, so whatever I pay for the vehicle is going to be given to me completely and without any restraints. Thank you, Jessica R.

I reviewed prior correspondence sent to me and did not see mention of you being unable to receive a return phone call regarding scheduling an appointment. I have acknowledged understanding that you are in need of a functioning vehicle. I can try to assist with contacting the dealership for you if preferred. Or, you are welcome to visit a different VW dealership for service. In the

meantime, I have offered to get you out of the vehicle as it merits a repurchase/replacement settlement under applicable law. This means you are not obligated to keep the current Atlas and we have attempted to provide resolution so that you do not have to maintain/retain a vehicle that does not work for you. As I previously shared and updated in the repurchase offer, there will be no further adjustments made to the mileage offset. The mileage calculation is based on your use of the vehicle to which there is shared responsibility you will maintain. I reduced the deduction by half as a gesture of goodwill to you because of the experience; what is outlined in the most recent offer will remain.

They have not corresponded with any of my voicemails, I have to call before I make an appointment because it literally is a trip for me to head down to the desert and get the vehicle fixed. I have made it down there numerous times before and the customer service there sucks, I make it a point to close our business to take a trip to the service area because they have had me waiting for over 4 hours many times at the dealership because they never have a vehicle replacement when they are "fixing" the car. Yes, you would expect me to maintain the vehicle as it should be, but I am being denied maintenance at the dealership in Palm Springs, and they are not returning my calls or voicemails. I've spoken to the manager numerous times, and he still hasn't gotten back to me. The vehicle is not functioning, it has to be picked up, and nobody is returning my calls or voicemails. If you at the very least, out of the goodness of your heart or "goodwill" take off the mileage offset due to all the grievances then I am willing to take the offer today. I NEED A FUNCTIONING CAR. I don't know how else I need to convey my message.

I have been trying to get you out of the vehicle, since my first email to you back on July 30, 2021. In the meantime, as you are currently the owner responsible for the vehicle you are welcome to schedule a service appointment at any VW dealership to address current/unresolved concerns. We would expect you maintain the vehicle for service as we would want you in a safe and working vehicle for your family. Volkswagen of America is offering to repurchase or replace your vehicle. The repurchase offer follows California state law and will not be negotiated for a different dollar amount beyond what the law outlines you are entitled to. I am formally reiterating we are unable to meet your request for \$15,000 for 'grievances'. The offer will not be increased to \$15,000 and the offer will not be increased to remove your negative equity. I have updated the repurchase offer letter to reflect reimbursement of your rental fees incurred from July 13-July 21; the new letter is attached.

I don't want to be placed in the same car that put me in this situation. The fact of the matter is that I am currently without a functioning car, and we own a small business and have errands to run. This puts us behind in a lot of business matters that we need to tend to and need to travel in regards to our business. The fact that I have no functioning car and I'm paying on a monthly basis regardless is ridiculous. It's a brand new car and it's not running. I've already had to rent a car due to the fact that I cannot drive this car, so I have attached a receipt of that. We are a one-car family meaning we only use one car to do all our driving. If I had another car you think I would be going back and forth with you? I needed a fully functioning car yesterday, so what I'm asking is that I get paid \$15,000 for all the grievances I've had to deal with in purchasing this car. I have had to drive back and forth to the desert which is over 50 miles from where we live just to get the vehicle back to worse conditions than it was. The car reeks of gas and I've had to put my 7-year old into those conditions coming back to our home from the dealer, running out of gas, staying stranded in the middle of nowhere and all because the car was not fixed. I mean, I would not be surprised if we did a deep investigation and nothing was done to the vehicle, but the fact of the matter is that we have no functioning car. I do not want another VW replacement to put me in the same situation, I want the full amount stated above.

I reduced this by half as a gesture of goodwill; additional reduction to this will not happen. You owed more on the previous vehicle than the value of the car. Subsequently, you had negative equity that was rolled in and added to the contract for your Atlas. There is not a positive balance for the previous vehicle, specifically \$7500, available for reimbursement. If you had not owed anything on the trade-in, then you would be receiving the total trade-in amount. But, because you owed more on it than it was valued to be there is a negative debt to which you are still responsible for. As outlined in the offer letter, the payoff amount will be the total outstanding balance you owe to VW Credit. Once the buyback transaction completes, our office contacts the financial institution and requests a final payoff. I do not have what that number will be at this time because it is subject to change between now and the buyback transaction (i.e. if additional payments are made). VW of America is unable to meet your request to round off the repurchase offer from \$7,522.72 to \$15,000.00. You have received our best and final offer as of 8/13/2021; subject to the inclusion of any additional lease payments that are made or insurance payments as detailed in the offer letter. Lastly, I received the forwarded twitter messages from last week. There is not anyone for you to be 'transferred' to that will change the offer. I am the specialist handling all pre-litigation matters in this area for California. The offer is open for 15 days from the date of the letter if you wish to proceed. At the very least, since the mileage offset was not removed I am requesting we add the \$7500 which was what my previous car was valued at, excluding the grievances. Since the equity from the previous car was added then I think it would only be fair to add the \$7500 that the car was valued at. Below is a screenshot from our system showing the repair order numbers I had already received and that were already included in the review, dated 07/28/2021. As you can see, the repair order numbers we already obtained match the repair orders you sent yesterday. It would be of no benefit to me personally or on behalf of VW of America not to obtain the whole repair history file for this case. Our office reviews a customer's complete service file and determines if it merits a settlement under the applicable state's law. We have had the service documents and subsequently I have offered to repurchase the vehicle or to replace the vehicle. The only missing document I requested of you was a copy of the registration card to which you have declined to provide. I want to be transferred to someone that's going to be respectful, regardless. The only email I received yesterday included the following with my current response in brackets: I requested clarity because I do not have your registration card. [Again, something that you should have had after the two-week period that I was left waiting for a decision on the VW Atlas that is currently still not fixed.] It was not included in your initial correspondence. [Again, after the two-week period you should have had my registration information because I sent it. And again, not my responsibility.] I am asking for clarification regarding what you meant from your email "I sent it over two weeks ago". [If you seriously still needed clarification after pointing out several times in these email exchanges about the two-week period I had to wait for VW to finally make a decision on my fate with the ATLAS, and you should know this, then there is something seriously wrong with your entire system/department, and again not my responsibility nor my job] We do not have your registration card. Our office is still working remote in nature and I have not received any notification from our mail team this was received. [Again, working remotely in nature has nothing to do with you doing your job, but it may have to do with you not actually doing your job. You should have had every single document I sent at hand before you even made an offer. And here we are again in square one, NOT MY RESPONSIBILITY NOR MY JOB.] Subsequently I provided an example of where the registration card is located so that you are aware what document I am referring to in the event there is confusion.[So you literally just pointed out that you don't have the registration information which you were supposed to have in hand when you first made the offer, and then you blatantly ask me to check my glove compartment for the registration card so that I can give you the registration information which you were supposed to already have. AGAIN, NOT MY RESPONSIBILITY NOR MY JOB.] Even though I do not have the registration card, I still updated the offer letter to reflect reimbursement for the fee paid based on the copy of the check you sent (outlined in prior email). [But then you updated the offer letter to reflect this registration fee out of the goodness of your heart, yet you made a big deal in previous emails about the registration card (again something that you should have had).] All this and previous emails show how disrespectful, rude and incompetent you are at doing your job. If you are referring to the second offer you made to me, yes I did receive it, but I didn't receive it yesterday. I received it the day before and it was not a good offer, so if you think I'm going to even deal with your incompetence of an offer you are out of your mind. If you have a 3rd offer to show I would like to see it, and it better be good because you have wasted whole days of my time with nothing but laughable and contemptuous offers. If I have to tell you how to do your job that just makes me wonder how seriously I am being taken as a paying customer, and any previous offers are just a joke to my face. I need to exchange emails with someone that's going to be professional and respectful. Figure it out, but I'm not here to do anybody's job. I am here to get a defective brand new VW Atlas to be purchased by the manufacturer, so that I can move on with my life. That is all. Have a good day, Jessica R. VW Paying Customer

Brittany Allen @Aaron Moinet Hello. The buyback offer letter was previously sent to the customer and I last emailed her yesterday prior to your chatter. If the customer wants to proceed with the buyback she is welcome to reply to my prior correspondence messages and return the offer.

Subject: Ramirez - 04829601 - 2019 Atlas Ms. Ramirez, There was no passive aggression in the email nor was that the intent. I requested clarity because I do not have your registration card. It was not included in your initial correspondence. I am asking for clarification regarding what you meant from your email "I sent it over two weeks ago". We do not have your registration card. Our office is still working remote in nature and I have not received any notification from our mail team this was received. Subsequently I provided an example of where the registration card is located so that you are aware what document I am referring to in the event there is confusion. Even though I do not have the registration card, I still updated the offer letter to reflect reimbursement for the fee paid based on the copy of the check you sent (outlined in prior email). I handle all cases in this area pre-litigation and there is not further escalation beyond me. I have offered in several prior emails to schedule a time to speak with you over the phone regarding the repurchase offer and financial information outlined in the offer letter versus consistent emails. However, neither of you provided a day and time to which you would like to speak over the phone. Lastly, it is at your discretion as a consumer to seek legal counsel. Please note should you do so, I will close our current case and await the formal demand letter from your attorney. Once the demand letter from the attorney has been received I will work directly with your attorney representation. Because I have extended a compliant offer to you under the law, I will forward the same offer to your attorney.

What do you mean you sent it over two weeks ago? You mailed your registration card to our corporate office? Do I really have to explain all the proof of documents I sent two weeks ago over email exchanges before a decision was to be made about the repurchasing of the VW ATLAS? Again the issue still remains, and the car has not been fixed as of 8/9/2021. I have contacted the dealership numerous times about fixing the vehicle, and the reports show how many times I have been there to fix the same issue OVER AND OVER AND OVER AGAIN, which again I have to repeat HAS NOT BEEN FIXED. It is ridiculous that you are treating me this way as a paying VW customer, as that is what is happening. I am and still remain a VW customer as I continue to make payments for this vehicle that still hasn't been fixed up to this point. Going back and forth with you on what you were supposed to review during those two weeks is basically you not doing your job. I have to re-send every single document again? It was not and still is not my job to review the documents during those two weeks I was given to WAIT until a decision was to be made about the repurchasing of the vehicle. To have to go back and forth with you because you did not receive the documents is not my responsibility. I sent every single document (vehicle reports, registration, vehicle title, VW contract etc.), and if you don't have it with you it is not my job to send it AGAIN. At this point, the ISSUE has escalated and I have no choice but to ask for your supervisor as you are not doing your job. I do not want to deal with your rudeness and incompetence, so please put me in contact with your SUPERVISOR to get this issue fixed immediately before I take legal action, and go even further through the VW chain of command. Thank you. Have a nice day. Jessica R. VW Customer

I have also previously stated that number would not change except to include reimbursement for recent registration fee, any additional payments you make and prorated reimbursement for insurance. The deductions outlined in the offer letter will remain as such; you are welcome to reference prior emails sent for the explanation that was shared with regard to each. I was unable to make available an updated offer letter because you had not provided the missing documents I was requesting. The registration card is typically kept in the glove box of a vehicle. What do you mean you sent it over two weeks ago? You mailed your registration card to our corporate office? Attached is an updated letter to reflect reimbursement for the most recent registration renewal fee paid based on the copy of check provided today; total repurchase amount \$3,572.60.

If you're asking for the actual vehicle registration, that was sent over two weeks ago before the manufacturer was deciding on my fate with the broken down VW Atlas. I'm not responsible for documents lost. I will follow up in the my next email with proof of insurance payments from the date of purchased VW ATLAS. Also, you have not answered my question from my previous emails. What is the bottom line figure? I want to be made whole, not including any aggravation and loss of use because of the mechanical failures in the car.

Brittany Allen From: VWGOA CRR 24 Sent: Monday, August 9, 2021 9:17 AM To: 'Erik & Jessica Landis-Ramirez' <elbuencacao@gmail.com> Subject: Ramirez - 04829601 - 2019 Atlas Hello, You are welcome to review the full details of the lemon law statute, not just the introduction, as there still remains to be some confusion. I have offered to repurchase your vehicle or to replace the vehicle. The repurchase offer is compliant under the law based on the reimbursement you are to receive and the applicable deductions you have. The spreadsheet cannot be used, because it is made up figures added with no support included (i.e. for insurance). Further, the spreadsheet includes requests that VW of America cannot meet: 1. You are asking for the dealer to absorb some of the mileage offset for what you drove on the vehicle; that is unable to happen as the dealer is not responsible for your use of the Atlas. 2. You are asking for reimbursement of the previous car you traded-in; that is unable to happen because there was no positive amount to be reimbursed. You elected to trade-in a car where there was more owed on it than it was worth. This resulted in there being negative equity, debt, which you are still responsible for. Your negative equity has nothing to do with the Atlas and the concern(s) you have had with the Atlas. It is solely based on the fact that the amount owed on your last car was more than the trade-in value. Again, the repurchase offer is as follows: -Reimbursement for down payment, reimbursement for payments, prorated reimbursement for insurance and reimbursement for latest registration cost. That amount gets totaled and then the deductions from that amount are: mileage offset, negative equity and any optional 3rd party contracts. I previously requested a copy of your vehicle registration in an email and in the offer letter so I can have that reimbursement added to the offer; you have not yet provided it. VWoA will issue prorated reimbursement of the insurance from the date the offer was extended until the buyback closing transaction appointment. In order to properly include reimbursement though, you will need to provide proof of all payments you have made this year. The document you submitted on Friday is again incomplete.

Proof of insurance paid will be submitted ASAP, and before the time runs out as I only have a few days to respond to your offer I'm going to need more time, so if you can please add another 15 days after the day the offer expires. Again, as I have shown our out of pocket cash was \$23,000 we would like for you to please provide us with a bottom line figure ASAP. Looking forward to hearing from you soon. Thank you, Jessica R.

Again, we have as proof 3-4 VW repair reports on the same issue, which was and still is the gas gauge, and has not been fixed as of today. I have tried numerous times to get this fixed and the car has still not been fixed. The car has not been able to start due to the gas gauge because it does not show how much gas is actually in the tank. We have addressed this issue various times as the reports show and the issue is still there. Again, the offer of \$3,000 is unacceptable and has no basis whatsoever. The acceptable offer would be to reimburse the full money amount for the vehicle that we have paid thus far minus the negative equity and the mileage offset. Jessica R.

Brittany Allen From: VWGOA CRR 24 Sent: Friday, August 6, 2021 11:10 AM To: 'El Buen Cacao' <elbuencacao@gmail.com> Subject: Ramirez - 04829601 - 2019 Atlas Hello, The repurchase offer will remain as. The only addition will be if you make future payments prior to the buyback transaction appointment and prorated reimbursement for your insurance pending you send in formal insurance documentation. You contacted VW of America requesting a buyback of the vehicle. As such, we follow the applicable state lemon law. In reviewing your documents, I have supplied you with a compliant offer. We are offering to repurchase your vehicle or to replace your vehicle as outlined in the offer letter. The details of the repurchase offer and why the financial information is so was shared in my previous email. You traded in a vehicle where the amount owed on it was more than the value of the car. This is referred to as negative equity. There is debt associated with the trade and it is something you are fully responsible for. There is not a positive dollar amount associated with this trade that can be reimbursed to you. The mileage offset was calculated at your first service visit in January for windshield wipers. It is based on the number of miles you drove on the vehicle prior to ever bringing it into the dealership for a vehicle concern. The dealership is not responsible for the miles you drove on the

vehicle from date of purchase to this service visit. · You will need to submit proof of paid insurance. A spreadsheet you have created is not sufficient. I am happy to further clarify over the phone our offer if there is outstanding confusion. I am available again by phone Monday-Thursday of next week from 8am-1pm EST and then again from 3:30pm-4:30pm EST. You would just need to let me know what day and time you would like to speak so I may schedule the call.

With respect to your "State of California" calculation I can assure you that The State has no saying in this; the agreement is between us, if we can agree to it, the results and how The State affects your company is solely your issue that you have to resolve on your own. VW is the one who brought it up and used your figure only (\$4,858.47). With respect to the negative equity, this is also your figure that I am only using for calculations purposes only (\$4,053.00), but in my calculation below those 2 are removed to \$23K and entirely excludes both figures in any calculation as clarified on the spreadsheet. The attached spreadsheet shows a new take on the issue and bottom line is that money that came out of my pocket is still high, to the tune of \$23,771.20 with no decent car to show for it; and the fact that you're offering \$3,000 just makes me think that you're not serious about resolving this issue. In conclusion, your offer is not reasonable based on all the documentation I sent over two weeks ago, and the problem has not even moved one inch and it may probably get worse with time. Please accept this \$23K and draw up the settlement or counter with a reasonable offer. We agree on the issues, all we need to do is agree and finalize it, which at this point is not the case.

Brittany Allen From: VWGOA CRR 24 Sent: Thursday, August 5, 2021 7:28 PM To: 'El Buen Cacao' <elbuencacao@gmail.com> Subject: Ramirez - 04829601 - 2019 Atlas Hello, I am going to respond to both emails that were sent to me today in this single correspondence to avoid confusion. If I happen to miss anything you are welcome to let me know. When you contact the manufacturer requesting a buyback and to be relieved of your vehicle, we follow the applicable state law. Please see below for further explanation and answers to your questions. · The total of your reimbursement check at the buyback transaction appointment will be \$3,130.60. If you make any additional monthly payments after accepting the offer and prior to the vehicle surrender, you will need to send confirmation/proof of payment to me. I will reimburse you for any additional payments made after the 07/07/21 payment that are before your buyback appointment. (Reimbursement for additional payments will be as a second separate check.) · The mileage offset formula calculation is set forth by the state of California, not by VW of America. This deduction will remain as it is outlined in the offer letter. Technically the deduction should have been taken at your June 7th appointment which would have resulted in a \$6,849.72 deduction. However, as a gesture of goodwill I used the mileage based on your first documented service appointment on January 8th so the deduction is \$4,858.47 instead. · The fuel range is an estimate based on driving habits and environmental conditions/factors. · The manufacturer does not bear responsibility for any prior debt on an unrelated vehicle. Based on your lease agreement for this Atlas, the negative equity is from a previous Jetta you elected to trade-in. The balance you owed on the Jetta was greater than the trade-in value and you elected to roll in this debt into the deal for your Atlas. We are saying we will pay off your remaining lease balance less the negative equity; the previous un-related debt is still at your responsibility. · You are entitled to receive prorated reimbursement of insurance premiums. You may submit insurance documents to me or to my closing team when the time comes for the formal buyback appointment. However, reimbursement for the insurance is not processed until after the buyback transaction takes place so that we can have the most current monetary amount. If you wish to have this verbiage updated in the offer letter, please let me know. Regards,

The amount of \$4858.47 for the mileage offset needs to be cut in half based on all of the inconveniences of going to the dealer many times, and having to go out of our way, closing our business to fix an issue that should have been fixed within the 4 hour wait periods that we were forced to wait while the vehicle continued to still have the same issues. The amount \$4,053 for the negative equity should not be subtracted as the car was defective from the dealer based on the continued repairs that were said to be made on the same issue, which was the gas gauge (see VW repair forms sent) and still (as of August 5, 2021) remains an issue. We have also included August and September payments based on the amount of time it will take for this whole process to finally go through. And lastly, we have also added the insurance paid during the amount of time we have had the vehicle. If you can make those changes to the contract we would like to move forward with it and will review as necessary with the changes included. I have attached a spreadsheet so you can better understand how the reimbursement should proceed based on your outlined payments and insurance paid.

I'm not sure I understand, does that mean I will only get paid a total of 3,130.60 out of all payments made? I'm not quite understanding. We would like to move forward with this, but would like some clarity on the matter so everything goes smoothly. Also, we will have to make a payment or two depending on how long this whole transaction takes, so what sort of proof would you need from us so that we get reimbursement for the payments. RE: Offer to replace 2019 Volkswagen Atlas
Case: 04829601
VIN: 1V2LR2CA0KC535638

August 17, 2021 Date

Personal and Confidential

Dear Ms. Ramirez:

Volkswagen Group of
America
3800 Hamlin Rd.
Auburn Hills, MI 48326
Telephone 844 862 8942
Fax +1 248 754 6344

Volkswagen of America, Inc. ("VWoA"), an organizational unit of Volkswagen Group of America, Inc., hereby extends to you (and if applicable, any co-buyer or co-lessee) an offer to replace the above-mentioned vehicle with a **new 2021 Volkswagen Atlas 3.6L SE 4Motion, requiring no contribution from you.** If any consequential or incidental damages were incurred (for example, towing or rental car expenses resulting from the alleged nonconformity), please provide documentation as soon as possible, and VWoA will follow up with a revised offer if applicable.

The replacement transaction will be considered a substitution of collateral with the lien holder, pending its approval. With the exception of GAP and other optional third party service contracts (which you are responsible for contacting the selling dealer to have such contracts cancelled and/or transferred, if applicable, to the replacement vehicle), the terms of your contract, including the monthly payments and contract period, will remain the same.

The replacement vehicle may take approximately 3-5 months for delivery, pending factory availability. Please list two or three color choices on the last page of this letter. We will do our best to comply with your top choice.

In consideration of VWoA's agreement to replace the above-mentioned vehicle, the vehicle must be surrendered to VWoA as originally equipped/supplied at the time of purchase/lease (with exception of any parts that were removed or replaced due to repairs or maintenance). In addition, you – and, if necessary, any co-owner or co-lessee - must sign all paperwork legally required to complete the transfer and provide Volkswagen with a clear certificate of title. A Volkswagen representative will inspect the vehicle at the time of the surrender; if there are any concerns or disputes regarding the surrender process or the vehicle at that time, we will work in good faith to promptly resolve any such issues to the parties' mutual satisfaction.

In further consideration of VWoA's agreement to replace the above-mentioned vehicle, you must keep confidential the financial terms of this agreement, and therefore must not disclose the financial terms to anyone other than your attorney, accountant, or immediate family members. This provision is intended to comply with California Civil Code Section 1793.26, and nothing herein prohibits your client from disclosing to any person the non-financial terms of this agreement or the nature of any alleged problem(s) with the vehicle.

If these terms are agreeable (and you have been authorized by any co-buyer or co-lessee to accept this offer on his/her behalf, if applicable), please authorize by signing and notarizing below where indicated. Please return this entire letter to me by email OR fax at (248) 754-6344.

Please continue making the normally scheduled payments throughout the replacement process, notify the automobile insurance company of this transaction, and to bring proof of insurance to the transaction.

Upon receipt of the signed agreement, I will prepare the replacement documents. When the documents and replacement vehicle are ready, we will notify you of the date, time, and location of the replacement transaction, which will take place at a mutually convenient authorized Volkswagen dealership during normal business hours.

This offer will remain open 15 days from the date printed at the beginning of this letter. If more time is needed to evaluate the offer, please let me know; the time to accept the offer will be extended to provide whatever reasonable time is required.

If you have any questions, please feel free to contact me.

Sincerely,

RE: Offer to repurchase 2019 Volkswagen Atlas
Case: 04829601
VIN: 1V2LR2CA0KC535638

August 5, 2021 Date

Personal and Confidential

Volkswagen Group of America
3800 Hamlin Rd.
Auburn Hills, MI 48326
Telephone 844 862 8942
Fax +1 248 754 6344

Dear Ms. Ramirez:

Volkswagen of America, Inc. ("VWoA"), an organizational unit of Volkswagen Group of America, Inc., hereby extends to you (and, if applicable, any co-buyer or co-lessee) of the subject vehicle an offer to repurchase the above-mentioned vehicle. With your authorization, VWoA will pay your outstanding obligation to VW Credit Leasing LTD and will reimburse you a total of \$3,130.60 as outlined below:

| | |
|---------------|--|
| \$10,042.07 | Payments Made Through 07/07/2021 |
| \$ 2,000.00 | Down Payment Including First Monthly Payment |
| \$ (4,858.47) | Less Mileage Offset (16,423 miles / 120,000 X \$35,500.00) |
| \$ (4,053.00) | Less Negative Equity |

The mileage offset was calculated using the number of miles traveled by the vehicle prior to the time it was first delivered to an authorized Volkswagen service and repair facility for correction of the wipers inoperable on 01/08/2021. If any consequential or incidental damages were incurred (for example, towing or rental car expenses resulting from the alleged nonconformity), please provide documentation, and VWoA will follow up with a revised offer if applicable. If you would prefer that VWoA replace the vehicle, please let me know. The details of that transaction will be sent to you under separate cover; pending factory availability.

In consideration of VWoA's agreement to repurchase the above-mentioned vehicle, you must surrender the vehicle to VWoA as originally equipped/supplied at the time of purchase/lease (with exception of any parts that were removed or replaced due to repairs or maintenance). In addition, you – and, if necessary, any co-owners or co-lessee – must sign all paperwork legally required to complete the transfer and provide Volkswagen with a clear certificate of title. A Volkswagen representative will be present during the vehicle surrender; if there are any concerns or disputes regarding the surrender process or the vehicle at that time, we will work in good faith to promptly resolve any such issues to the parties' mutual satisfaction.

In further consideration of VWoA's agreement to repurchase the above-mentioned vehicle, you must keep confidential the financial terms of this agreement, and therefore must not disclose the financial terms to anyone other than your attorney, accountant, or immediate family members. This provision is intended to comply with California Civil Code Section 1793.26, and

nothing herein prohibits your client from disclosing to any person the non-financial terms of this agreement or the nature of any alleged problem(s) with the vehicle. In addition, you must waive and release all claims against Volkswagen AG, Volkswagen Group of America, Inc., Volkswagen of America, Inc., Volkswagen Credit, Inc., Audi Financial Services, Inc., their parent companies, employees, and authorized sales and service facilities regarding the use, service, and repair history of the above-mentioned vehicle.

If these terms are agreeable (and you have been authorized by any co-buyer or co-lessee to accept this offer on his/her behalf, if applicable), please authorize by signing and notarizing below where indicated. Please return this entire letter to me by email OR fax at (248) 754-6344 and include a legible copy of the vehicle's current vehicle registration.

Please continue making the normally scheduled payments throughout the repurchase process. If you make additional payments after the agreement is signed, but before the transaction occurs, please let me know. Volkswagen of America will reimburse you for these payments.

Upon receipt of the signed agreement, I will prepare the repurchase documents. Then, approximately two weeks after receipt of the signed acceptance, we will notify you of the date, time, and location of the repurchase transaction, which will take place at the servicing dealership during normal business hours.

The offer will remain open 15 days from the date of this letter. If more time is needed to evaluate the offer, please let me know; it will be extended to provide whatever reasonable time is required.

If you have any questions, please feel free to contact me.

Sincerely,

Dear Ms. Ramirez:

Volkswagen of America, Inc. ("VWoA"), an organizational unit of Volkswagen Group of America, Inc., hereby extends to you (and, if applicable, any co-buyer or co-lessee) of the subject vehicle an offer to repurchase the above-mentioned vehicle. With your authorization, VWoA will pay your outstanding obligation to VW Credit Leasing LTD and will reimburse you a total of \$7,522.72 as outlined below:

| | |
|---------------|--|
| \$10,632.78 | Payments Made Through 08/09/2021 |
| \$ 2,000.00 | Down Payment Including First Monthly Payment |
| \$ 442.00 | Reimbursement For Current Registration Renewal Fee |
| \$ 930.18 | Reimbursement For Insurance Premium 01/17/2021-08/17/2021 |
| \$ (2,429.24) | Less Mileage Offset (16,423 miles / 120,000 X \$35,500.00) |
| \$ (4,053.00) | Less Negative Equity |

The mileage offset was calculated using the number of miles traveled by the vehicle prior to the time it was first delivered to an authorized Volkswagen service and repair facility for correction of the wipers inoperable on 01/08/2021. The offset was reduced by half as a gesture of goodwill; no further adjustments will be made.

The reimbursement of insurance premium was calculated based on the same date of the mileage offset and trigger for repurchase on this case. It includes reimbursement based on the monthly payment schedule provided from January-August of 2021. *If any additional insurance payments are made after August 17th but before the buyback transaction, you may send proof of payment to me; I will reimburse you for any additional payment made.

If any consequential or incidental damages were incurred (for example, towing or rental car expenses resulting from the alleged nonconformity), please provide documentation, and VWoA will follow up with a revised offer if applicable. If you would prefer that VWoA replace the vehicle, please let me know. The details of that transaction will be sent to you under separate cover; pending factory availability.

In consideration of VWoA's agreement to repurchase the above-mentioned vehicle, you must surrender the vehicle to VWoA as originally equipped/supplied at the time of purchase/lease (with exception of any parts that were removed or replaced due to repairs or maintenance). In addition, you – and, if necessary, any co-owners or co-lessee – must sign all paperwork legally required to complete the transfer and provide Volkswagen with a clear certificate of title. A Volkswagen representative will be present during the vehicle surrender; if there are any concerns or disputes regarding the surrender process or the vehicle at that time, we will work in good faith to promptly resolve any such issues to the parties' mutual satisfaction.

In further consideration of VWoA's agreement to repurchase the above-mentioned vehicle, you must keep confidential the financial terms of this agreement, and therefore must not disclose the financial terms to anyone other than your attorney, accountant, or immediate family members. This provision is intended to comply with California Civil Code Section 1793.26, and nothing herein prohibits your client from disclosing to any person the non-financial terms of this agreement or the nature of any alleged problem(s) with the vehicle. In addition, you must waive and release all claims against Volkswagen AG, Volkswagen Group of America, Inc., Volkswagen of America, Inc., Volkswagen Credit, Inc., Audi Financial Services, Inc., their parent companies, employees, and authorized sales and service facilities regarding the use, service, and repair history of the above-mentioned vehicle.

If these terms are agreeable (and you have been authorized by any co-buyer or co-lessee to accept this offer on his/her behalf, if applicable), please authorize by signing and notarizing below where indicated. Please return this entire letter to me by email OR fax at (248) 754-6344 and include a legible copy of the vehicle's current vehicle registration.

Please continue making the normally scheduled payments throughout the repurchase process. If you make additional payments after the agreement is signed, but before the transaction occurs, please let me know. Volkswagen of America will reimburse you for these payments.

Upon receipt of the signed agreement, I will prepare the repurchase documents. Then, approximately two weeks after receipt of the signed acceptance, we will notify you of the date, time, and location of the repurchase transaction, which will take place at the servicing dealership during normal business hours.

The offer will remain open 15 days from the date of this letter.

Dear Ms. Ramirez:

Volkswagen of America, Inc. ("VWoA"), an organizational unit of Volkswagen Group of America, Inc., hereby extends to you (and, if applicable, any co-buyer or co-lessee) of the subject vehicle an offer to repurchase the above-mentioned vehicle. With your authorization, VWoA will pay your outstanding obligation to VW Credit Leasing LTD and will reimburse you a total of \$8,444.57 as outlined below:

| | |
|---------------|--|
| \$10,632.78 | Payments Made Through 08/09/2021 |
| \$ 2,000.00 | Down Payment Including First Monthly Payment |
| \$ 442.00 | Reimbursement For Current Registration Renewal Fee |
| \$ 930.18 | Reimbursement For Insurance Premium 01/17/2021-08/17/2021 |

| \$ 214.51 | Reimbursement For 08/29/2021-09/01/2021 |
| \$ (2,429.24) | Less Mileage Offset (16,423 miles / 120,000 X \$35,500.00) |
| \$ (4,053.00) | Less Negative Equity |

The mileage offset was calculated using the number of miles traveled by the vehicle prior to the time it was first delivered to an authorized Volkswagen service and repair facility for correction of the wipers inoperable on 01/08/2021. The offset was reduced by half as a gesture of goodwill; no further adjustments will be made.

The reimbursement of insurance premium was calculated based on the same date of the mileage offset and trigger for repurchase on this case. It includes reimbursement based on the monthly payment schedule provided from January-August of 2021. *If any additional insurance payments are made after August 17th but before the buyback transaction, you may send proof of payment to me; I will reimburse you for any additional payment made.

If any consequential or incidental damages were incurred (for example, towing or rental car expenses resulting from the alleged nonconformity), please provide documentation, and VWoA will follow up with a revised offer if applicable. If you would prefer that VWoA replace the vehicle, please let me know. The details of that transaction will be sent to you under separate

cover; pending factory availability.

In consideration of VWoA's agreement to repurchase the above-mentioned vehicle, you must surrender the vehicle to VWoA as originally equipped/supplied at the time of purchase/lease (with exception of any parts that were removed or replaced due to repairs or maintenance). In addition, you – and, if necessary, any co-owners or co-lessee – must sign all paperwork legally required to complete the transfer and provide Volkswagen with a clear certificate of title. A Volkswagen representative will be present during the vehicle surrender; if there are any concerns or disputes regarding the surrender process or the vehicle at that time, we will work in good faith to promptly resolve any such issues to the parties' mutual satisfaction.

In further consideration of VWoA's agreement to repurchase the above-mentioned vehicle, you must keep confidential the financial terms of this agreement, and therefore must not disclose the financial terms to anyone other than your attorney, accountant, or immediate family members. This provision is intended to comply with California Civil Code Section 1793.26, and nothing herein prohibits your client from disclosing to any person the non-financial terms of this agreement or the nature of any alleged problem(s) with the vehicle. In addition, you must waive and release all claims against Volkswagen AG, Volkswagen Group of America, Inc., Volkswagen of America, Inc., Volkswagen Credit, Inc., Audi Financial Services, Inc., their parent companies, employees, and authorized sales and service facilities regarding the use, service, and repair history of the above-mentioned vehicle.

If these terms are agreeable (and you have been authorized by any co-buyer or co-lessee to accept this offer on his/her behalf, if applicable), please authorize by signing and notarizing below where indicated. Please return this entire letter to me by email OR fax at (248) 754-6344 and include a legible copy of the vehicle's current vehicle registration.

Please continue making the normally scheduled payments throughout the repurchase process. If you make additional payments after the agreement is signed, but before the transaction occurs, please let me know. Volkswagen of America will reimburse you for these payments.

VOLKSWAGEN

GROUP OF AMERICA

Upon receipt of the signed agreement, I will prepare the repurchase documents. Then, approximately two weeks after receipt of the signed acceptance, we will notify you of the date, time, and location of the repurchase transaction, which will take place at the servicing dealership during normal business hours.

The offer will remain open 15 days from the date of this letter.

If you have any questions, please feel free to contact me.

Sincerely,

Brittany A.
